Each day-boarding option includes an extensive study package. While we feel it is important for the students to have a good study routine, we encourage students to retain some level of sporting activity or to join a school club. This helps maintain a good balance in the students' overall education for life. If senior cycle day-boarding students are not engaged in an extra-curricular activities programme, we request that they attend afternoon study. Evening prep is compulsory for all day-boarding students.

Refunds will not be considered unless cancellations are submitted to the Bursar on time and in writing.
